Vision&Mission

Our Mission

To achieve highest levels of customer satisfaction through providing matchless services to carve out a distinctive name in the industry.

Our Vision

To achieve recognition and to expand our services across the globe to contribute to the betterment of the society.

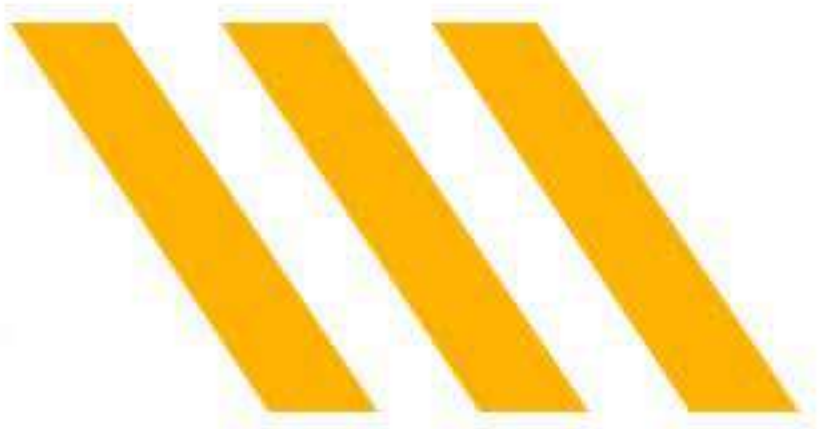

Himalayan Edible Salts

Himalayan salt is 100% Natural, pure, original, genuinely contain 84 Natural Elements needed by the human body. Himalayan salt comes from the Permian sea of the Himalayan region, sun dried and more than 250 million years ago, Himalayan salt is unrefined chemically untreated, non-ionized & naturally free from additives.

The crystal salt contains a wealth of cellular utilizable minerals & trace elements, such as sodium, potassium, iron, calcium & magnesium, which are essential for efficient cell metabolism.

Aroma Therapy Diffuser Salt Lamp

Salt Lamps main attraction is the heating of the salt causes the crystal to release negative ions. It has long been considered healthy the sea air, mountain air and the air around swiftly running water is high in negative ions. Indoor air recirculated air, & air around electronic equipment is very low in negative ions. Smoke free design, using the heat source generated from light bulb only, it's totally environmental friendly, healthy and neat.

Direction of use : Fill the metal cup half way with hot water. Add 10 drops of essential oil, relax & enjoy.

It help for asthma & diseases.

10025

Himalayan
Salt Neti Pots

Our body contains sodium, we should only use lightly salted water in a Neti pot. The salt also acts as an antimicrobial agent towards sinus infections. Although the idea of flushing my nose with salt water thoroughly intimidated me, I recently begin using Neti when I have or seasonal allergies. To my surprise although there is a learning curve, using Neti pot isn't painful or difficult.
